

Michel,

I took this opportunity to thank you for the services rendered. Since January 2014 to date, IOORS is assisting BassDrill / Atlantica to issue 90 days Visas for our multinational crew working offshore in Congo.

For the last 4 years, IOORS services have shown professionalism, knowledge and experience. Their quality of work and care, ensure the Visas to be issued within 48 to 72 hours to our personnel. My expectations are always met.

I feel confident in recommending IOORS – Michel Podgaietsky, to provide equivalent services to any other companies.

Best regards

Philippe Boudot
